

Dear

There are only 3 weeks left to register for **ISSE 2006** – Europe's independent IT security conference. Just [click here](#) to register now.

As a special offer for Italian delegates you can now attend the conference at half the normal delegate rate: **€600 for eema/TeleTrusT members** or **€750 for non-members**. *(Please note that this offer is not applicable with our multiple registration discount or any other offers).*

With keynotes including *Viviane Reding, Commissioner of Information Security, European Commission; Bruce Schneier, Founder and CTO, Counterpane Internet Security Inc* and *Microsoft* who will be presenting on Vista Security, you cannot afford to miss this year's premier security event.

On day two you will also be able to join **The Security Behind BlackBerry workshop**, and find out how the BlackBerry Enterprise Solution can mobilise your e-mail and data while protecting it from attack.

Join Europe's top security experts, suppliers and implementers at ISSE 2006 by registering today – just [click here](#) or visit <http://www.eema.org/isse> (click on 'Registration').

We hope to see you in Rome next month.

Kind regards,

Roger Dean  
Head of Special Projects
